Technical Skill

HTML jQuery CSS React is Bootstrap Java Git Javascript

</>Software tools

Vs code Atom Intelildea

🔇 Languages

Macedonian English

About me

Dedicated and passionate front end developer, with experience in building web applications in React, static and dynamic websites. I am able to use HTML, CSS, Bootstrap, JavaScript, jQuery and React. Highly adept at conveying complex technical information to a variety of professional and lay audiences in a clear and understandable manner. Would like to work in a growth-oriented team and to develop myself in building more complex projects in future.

Education

Front end Academy 02/2022 - 03/2023 Front-end Academy Creative Hub Macedonia. EU Certificate in Front-end Programming.

Subject: HTML, CSS, Bootstrap, Git, JavaScript, jQuery, React js.

- **Bachelor's Degree in Electric** 09/2012-Present **Engineering**

University St Kliment of Ohrid, Faculty of Technology, Bitola

Work experience

Marketplace

02/2023-03/2023

Student project

The Marketplace website is store who can see products. With signup or login user can adding, editing, deleting and commends on products. I used HTML, CSS, JavaScript and React js to make dynamic and response on desktop, tablet, and mobile.

Meet ups landing page

10/2022-11/2022

Student project

The landing page is about events, which is designed by a UX/UI designer of Creative Hub. The events type is meet-ups which are organized by Creative Hub. The meet-ups are live events and occur at different time on different places & the design will be implemented on the Creative Hub's existing page. These events will take place at various locations in different cities across Macedonia. I used HTML, CSS, Bootstrap and JavaScript to make dynamic and response on desktop, tablet and mobile.
